Objective

To work in an environment which encourages me to succeed and grow professionally where I can utilize my skills and knowledge appropriately.

Education

- **Maulana Azad National Institute of Technology**
  Master in Computer Applications
  8.19
  2025

- **IMA Chennai**
  Bsc Nautical Science
  8.5
  2020

- **BSS PARNAV CHILDREN WORLD**
  12th (CBSE)
  60%
  2017

- **BSS PARNAV CHILDREN WORLD**
  10th (CBSE)
  7.0
  2015

Skills

- C++   C   SQL   HTML & CSS   Javascript   React Js   Machine Learning   Android

Projects

- **Personal Portfolio**
  Designed a normal personal portfolio with bright designs using the language javascript.

- **E-voting management system**
  Designed an online voting management system to improvise the traditional voting methods being followed. Implemented this project using html, css and javascript as frontend, and used Node.js as the backend.

- **Tic-tac-toe**
  Incorporated React.js to construct a fully functional Tic Tac Toe game project, demonstrating proficiency in front-end development.

- **Image Classification using CNN**
  Created an image classification project using Convolutional Neural Networks (CNN) with TensorFlow, showcasing hands-on experience and expertise in machine learning technologies.

- **Shake Ordering Application**
  Crafted and developed a shake ordering application for Android, incorporating intuitive user interfaces and seamless functionality for effortless ordering.

Achievements & Awards

- I have bagged a gold medal in my Bachelor's degree.

- Served as a Cadet Captain during my entire college tenure.
